Product information

Of Lini's special metodo classico Lambrusco, Daniele Cernilli, editor-in-chief of the Gambero Rosso Guide to the Wines of Italy, writes "I have discovered the best Lambrusco in the world." Lambrusco Salamino grapes are vinified and then refermented in bottle, using the metodo classico. With a fine bead, a complex nose and a rich, flavorful palate, Correggia Brut is both utterly charming and extremely versatile at the table.
