Product information

Vines are trained in the traditional pergola style. Vinification and elevage take place in temperature-controlled stainless-steel. No skin contact, minimal lees contact, released after six months. A fine example of a finely-crafted regional Italian wine great for everyday drinking. Our best-selling 1-liter white.

Producer information

Gian Luigi Orsolani is his family's fourth-generation to commit to Erbaluce, a variety known for its mouthwatering acidity and grass-and-melon perfume. The variety finds its best expression in the Canavese, a sandy-soiled basin of glacial origin northeast of Torino. Erbaluce's charms can be expressed with equal appeal as a rich, honeyed passito, a dry white or a brut Metodo Classico. Orsolani is also one of few who produce the rare nebbiolo-based Carema.
