RUCHÉ DI CASTAGNOLE MONFERRATO

The cultivation of Ruché is limited to Castagnole Monferrato, making it one of the smallest denominations in Italy. Though once of modest output, production is now expanding due to its award of DOC status. Luca Ferraris' flagship wine comes from his "Bric d'Bianc" vineyard, part of an entire hill between Castagnole Monferrato and Scurzolengo which Ferraris purchased himself in 2000. He divided the land into four parts, three of which are devoted to the cultivation of Ruché.
